Spring 2012

## FROM *the* CHAIR A Few Good Volunteers

Hi Folks! As I write this, it is early 2012 with New Year's resolutions freshly in place. My AMC resolution is to get lots of new people involved in the Berkshire Chapter. Our recent annual meetings and potluck suppers have been packed to the hilt with eager new faces as well as valued long-time friends. I'm confident that there are a lot of you good people out there just yearning to get involved, so here's where you can start:

**1. Executive Committee:** We have several positions open and are willing to create new ones to suit if there's a particular interest that's not currently being offered. We generally start with a meet-and-greet approach, inviting people to come and attend a few monthly Executive Committee meetings so we can get to know one another. It would be great if we could find two or three nice folks interested in being part of the group as a member-at-large and then perhaps finding a niche for themselves as they get to know the many different areas we serve. Think about it and drop me a note if you're interested.

**2. Outings Leaders/Co-Leaders:** We find ourselves a bit thin right now on helpers

## While the State Budget Increases, Environmental Agency Budgets are Slashed – What to Do?

*excerpted from Green Budget FY2013: Legacy at Risk,  
by Nancy Goodman and Sarah Moser, Environmental League of Massachusetts,  
<http://www.environmentalleague.org/upload/docs/Green%20Budget%20FY2013.pdf>*

**Zero point five seven percent (0.57%)**—that is the portion of the state budget that goes to all environmental programs and agencies in the state!

In just the past four years, the environmental agencies have been cut by 20% overall, with DEP and DCR seeing a quarter of their budgets disappear. The Massachusetts Department of Conservation and Recreation (DCR) manages the ninth largest park system in the nation, with approximately 30 million visitors annually that generate millions in economic activity. Many who use our state parks have no vacation home; they depend on these resources for their vacations, their family reunions, and their connection with the natural world.

**DCR's overall operating budget has been cut by more than 30% since FY2009. The agency has lost approximately 250 staff positions, reducing the overall workforce by more than 25%.** These staff reductions translate into on-the-ground impacts on service delivery—park supervision, visitor services, natural resource protection, and park safety and cleanliness.

As was the case last year, most campgrounds will open later and close early for the summer of 2012. The season will be shortened by an average of three weeks at 16 different campgrounds.

The following facilities were closed last season and will be closed again this season:

- Ashland State Park
- Chester-Blandford State Forest
- Windsor State Forest
- Berry Pond in Harold Parker State Forest
- Dean Pond in Brimfield State Forest
- Fearings Pond in Myles Standish State Forest

In addition, three other properties will be closed in 2012 due to budget cuts:

- Lake Lorraine in Springfield
- Harold Parker State Forest
- Gardner Heritage State Park

# Winter Hiking in the White Mountains

by David Sauriol

Every winter for the past 12 years, Bob Humphrey and other leaders from the New Hampshire Chapter have been sponsoring a unique program to introduce hikers to the joys of winter hiking on the 4000-footers in the White Mountains. This program is geared toward those with good three-season 4000-footer experience, but who would like to extend their hiking season safely into winter. Winter hiking in the Whites is no joking matter and requires good planning, equipment, and knowledge of the region's geography and winter weather patterns. The AMC's *Appalachia* journal lists the year's winter rescues, describing both how poor planning and mistakes can lead to disaster and how good planning can be plagued by accident and the fickle New England weather.

A number of years ago, Bob, a veteran three-season hiker, decided to extend his hiking experience into winter and was looking to do it safely with an experienced group. Much to his disappointment, he was rejected from participating in winter hikes due to lack of experience. "But how to get experience?" was Bob's quandary. Fortunately Bob had a good friend, Kevin Rooney, who was able to join him and together they learned as they went. Several years later, having conquered the winter 48, Bob decided to share his experience with others through a NH Winter Hiking Series (WHS) in hopes of creating a safer environment for learning the winter Whites' hiking ropes. Today, this program has been well refined and produces a new group of 15–20 graduates annually who in turn often return to assist Bob with his WHS training.

I was one of the fortunate people to attend Bob's WHS classes this 2011–2012 winter hiking season. Having met Bob in 2007 while hiking the Southern Presidentials and having discussed his class with him, I had been meaning to sign up every year, but always seemed to be just a little late (classes fill up fast). Thanks to a couple of last-minute dropouts, I finally made the class. The first day was filled with learning about equipment and gaining basic knowledge. Bob and his helpers displayed a wide variety of winter hiking equipment, pointed out the pros and cons of each, and suggested some great ideas to balance gear requirements with cost limitations. Additionally, we were given a well-written WHS manual which covered the many subjects discussed. (With any luck, Bob will continue to revise this document and get it published, as it would be a great addition to the

# AMC Berkshire Chapter Annual Potluck Dinner

**Saturday, March 24, 5:30 to 9:00 p.m.**  
**American Legion Hall, 162 Russell St. (Rte. 9), Hadley, MA**

Help us welcome new, returning, and prospective members! Enjoy a delicious potluck dinner and an exciting program. Meet new and old friends, network with Committee Chairs, and learn how you can join in and get involved. Bring along any friends who might like to know more about the AMC.

Our guest speaker, AMC staff member Faith Salter, will discuss climate change and what you can do about it locally.

Please bring a dish to share with 6–8 people. Last name A–C, salad; D–M, dessert; N–S, casserole; T–Z, appetizer.

**It's a great event for all!**  
**Plenty of free parking!**

For more info, please contact

## *Climate, Energy, and Air Quality*

Anyone who loves the outdoors loves clean air for good health, good views, and deep breaths. Come explore the connection between clean air and energy conservation. Learn how paddling, skiing, hiking, and cycling are affected by air pollution, and what you can do that will help you breathe easier and save money. The AMC's straightforward presentation will equip and energize you for action.

Faith Salter provides free online AMC training to volunteers who want to make use of the AMC's education and outreach materials on air quality, energy conservation, and climate change. The AMC has conducted over 20 years of scientific research on air quality and the impacts of pollution on mountain ecology and hiker health. # **– OUTDOOR EDUCATION –**

## **Leadership Training, Berkshire/Worcester Chapters**

*Noble View Outdoor Center, Russell, MA*

*Saturday–Sunday, April 21–22*

Whether you'd like to become a Chapter leader or just want to improve your outdoor skills, you're invited to attend. Training emphasizes group dynamics, leaders' responsibilities, trip planning and management, weather emergencies, incident/accident scene control, leader awareness, and decision-making. Fee of \$25 includes 2-day training, materials and meals. Overnight lodging available for \$20 (members) or \$25 (non-members). Advance payment requested. Existing leaders attend at no charge. Contact Eric Gove (413-374-0467; [amc.berkshire.te@gmail.com](mailto:amc.berkshire.te@gmail.com))

## **SOLO Wilderness First Aid Training**

*Noble View Outdoor Center, Russell, MA*

*Two weekends offered: March 24–25 and May 19–20*

Improve your skills and increase your confidence. Learn accident scene management and patient care at western Massachusetts' Noble View Outdoor Center ([nobleviewoutdoorcenter.org](http://nobleviewoutdoorcenter.org)). Standard first aid practices are generally based on the assumption that help will arrive soon and the patient will be out of your hands and at the hospital in under an hour. Accidents can and do happen, and all too often members of a group are not capable of dealing with the emergency. Not only does this lead to improper care of the patient, but it also endangers the entire group. WFA addresses the medical and logistical issues that arise where there is no ambulance, no shelter from the elements, your supplies are few, and the length of your wait for help is unknown. Lectures and discussions are supplemented by hands-on scenarios. An emphasis on long-term care and evacuation complications in the backcountry make this course unique. Fee of \$140 with optional lodging available. Subsidy available for active Berkshire Chapter leaders. All are welcome: AMC members as well as members of the general public. Contact Gary Forish (413-572-4501 before 8 PM; [forgary@comcast.net](mailto:forgary@comcast.net))

## **SOLO Wilderness First Responder Training**

*Noble View Outdoor Center, Russell, MA*

*May 30 – June 6*

The WFR course is a comprehensive and in-depth look at the standards and skills of dealing with response and assessment, musculoskeletal injuries, soft tissue injuries, environmental and medical emergencies, and survival skills. Although these appear to be the same basic topics covered in the two-day WFA course, they are covered far more extensively, and there is much more hands-on practice. Additional topics, such as CPR, are also included. Fee of \$700 includes lodging. Contact Gary Forish (413-519-3251 before 8 PM; [forgary@comcast.net](mailto:forgary@comcast.net))

# – VOLUNTEER OPPORTUNITIES –

## VOLUNTEER FOR THE BERKSHIRE CHAPTER EXECUTIVE COMMITTEE

If you'd like to be part of the top level of Berkshire Chapter leadership and you're interested in one of these exciting positions, or would like to know more, please contact David Sauriol at 401-523-4672 or [chapterchair@amcberkshire.org](mailto:chapterchair@amcberkshire.org).

### Family Programs Chair

Do you enjoy getting outside with your family? Would you like to share your love of the outdoors and the excitement of introducing children to new adventures in the natural world? Then consider becoming involved with Family Programs. We are looking for someone with energy and enthusiasm to take on this role and develop family-friendly outings and activities. Please contact David Sauriol at 401-523-4672 or [chapterchair@amcberkshire.org](mailto:chapterchair@amcberkshire.org).

### Membership Welcoming Committee Chair

Organizing events is especially effective in introducing new and prospective members to our chapter and the AMC. Help us welcome new members and encourage them (as well as the general public) to join us in all our activities. Please contact David Sauriol at 401-523-4672 or [chapterchair@amcberkshire.org](mailto:chapterchair@amcberkshire.org).

### Nominating Committee Chair

We are looking for someone to assist our Chapter's committees in identifying and developing qualified individuals for leadership roles in the Berkshire Chapter. This role is vital to the continuity of Chapter leadership. We need someone who has, or is willing to develop, a broad knowledge of our Chapter and its members, and who would enjoy helping to identify talented members and leaders and encouraging them to become more involved. Please contact David Sauriol at 401-523-4672 or [chapterchair@amcberkshire.org](mailto:chapterchair@amcberkshire.org).

### Outings Committee Chair

Position open November 2012. Encourage Chapter Outings leaders to post events so members can have activity options (hiking, backpacking, biking, snowshoeing or cross-country skiing, and more) every weekend. Get new leaders approved with our Training & Education Committee. Please contact Jon Hanauer at 413-568-0990 or [outings@amcberkshire.org](mailto:outings@amcberkshire.org).

## Winter Hiking in the White Mountains, *continued from page 2*

AMC library.) The very next day, we went out on our first hike, up Boott Spur and down Tuckerman Ravine. While the snow was yet to come, there was some cold and ice requiring our microspikes for traction. In the following weeks we continued to explore the alpine regions, including Flume, Eisenhower/Pierce, Lafayette/Lincoln, and Moosilauke and the Kinsmans. As the weeks progressed, Bob and his assistants continued to share their accumulated winter hiking knowledge and experiences and always instilled the principle of safety first, or as Bob puts it "getting to the top is optional, getting down is not." At last, with the final hike of the WHS, everyone got their certificates and celebrated with a group dinner at the local Woodstock Station.

But the story doesn't end there. Part of the enduring success of the WHS lies in the new connections and friendships that arise in the groups, and of course the new crop of AMC hike leaders that are produced. Per Bob, our group was one of the best (of course). With a cast of colorful characters such as Zippy, Daisy, Alpina, Ankush, and of course Uncle

Bob, our group has formed a fun and interesting winter hiking core who continues to seek the higher altitudes on a weekly basis. Of the original group, at least 60–70% continue to hike together, and we are now joined by additional prior years' WHS graduates. I think Bob's vision of making the Winter Whites more accessible and safer for new winter hikers has been well fulfilled and the NH Chapter can be proud of its own locally grown natural resource.

For more information on the NH WHS series, contact Bob Humphrey, 19 Gould Rd., Warner, NH. 03278, 603-456-3708 (7–9 p.m. only please) or [boh@mcctelecom.com](mailto:boh@mcctelecom.com).

If you have winter hiking experience and are interested in joining me and a few other Berkshire Chapter leaders in forming a WHS in our Chapter, please drop me a line. We'd love to spread Bob's good work (and perhaps utilize his textbook).

Now get outdoors!

## State Environmental Budgets are Slashed, *continued from page 1*

Without additional funding, the shortened season will continue in FY2013, and additional closures of campgrounds, parks, waterfronts, and visitor facilities are expected.

### What Can You Do? Get Active!

There are two actions each of us can take to help restore funding to DCR Parks:

**First:** Right now, urge your State Senators and Representatives to support additional funding. They do listen to us, especially if you tell them about a park in your area that you are concerned about. So email, call, or write them with a simple request: make more funds available to DCR to

manage its resources. The AMC in Boston can help arrange a visit to your favorite facility with your Representative or Senator to show them why you're concerned. For more information contact Mike Gildesgame, AMC Southern New England Policy Manager, at [mgildesgame@outdoors.org](mailto:mgildesgame@outdoors.org).

**Second:** Watch for information on a rally and march on the State House in April. Join your neighbors to express support for all the state's environmental programs, including DCR; and then meet with your legislators to tell them in person that we need at least 1% of the state budget for the environmental agencies.

## From the Chair, *continued from page 1*

to lead Chapter activities like hiking, walking, biking, paddling, etc. Any of these appeal to you? Think you might be able to be an assistant (co-leader) for an activity that you're comfortable with and have fun doing? Think about it and drop me a note if you're interested.

**3. Youth/Family Activities:** While our Chapter demographic leans more towards the higher end of the age spectrum than some other chapters, we still have interested and active outdoors families who are members as well. With our newly formed Chapter Youth Program (CYP), we can now lead youth organizations like local schools, boys & girls clubs, and scouts on outdoor adventures. Our newly renovated Noble View Outdoor Center is a terrific place for kids and families to spend the day or a weekend frolicking in the great outdoors right here in the local area. Might want to lend a hand and help out with Youth or Family Activities? Think about it and drop me a note if you're interested.

**4. Trails:** Ever wonder how the great hiking trails in the region are

so nicely kept up? Well, it's your local AMC volunteers, of course. With the Appalachian Trail Committee in the western Berkshires and the Trails Committee in the Pioneer Valley, the AMC is hard at work clearing, maintaining, and upgrading the trails we all enjoy. Could you wield a pair of clippers or a shovel? Think about it and drop me a note if you're interested.

Well, you get the idea. The AMC Berkshire Chapter is strong because of the dedication of its membership. If we all can do our share, then we all benefit. Well, I'm off to the mountains for another winter weekend hike.

Get outdoors!
